5	6321 2197 2641	licence plate, black, single, for diverse prewar-BMW	30,17 €	35,90 €

informations about our production of spare parts

In the 1920's and early 1930's the handlebar equipment was made of a zinc-aluminium alloy. In the late 1930's and world war II when raw materials were lacking, the quality of these parts become worse. Original parts are missing very often.

Today we are producing all handlebar equipment like the original. They are made of a cast aluminium alloy which is polished very well. All gravity die casting parts are carefully approved, manufactured and mounted.

You can get any spare parts of the handlebar equipment. Also modified versions are available on request. Ask for a complete set for your type, make and model.

The handlebar equipment was produced in germany by MAGURA in the 1930's as a copy of English AMAL parts. Up to 1933 both companys were supplier for the motorcycle industries and replacement part dealers in Germany. Many used this handlebar equipment because it is sporty and robust. MAGURA offered them up to the late 1950's in spare parts catalogues.

BMW used the whole range of handlebar equipment in the 1930's and 1940's. Also ZÜNDAPP used them in a 24 mm version. We also produce the special ZÜNDAPP version.

For this reason you can use these as original for any German and English bikes of the 1930's and 1940's.

Terms of Delivery

Spare parts are shipped within 3 days after receipt of order. Packing costs are determined by package size and usually run between 1,54 € and 9,13 €. Shipping and handling costs including insurance are assumed by the customer. If you require more than the standard insurance we will arrange that for you.

All prices are quoted with tax included (19% VAT). For Customers outside of Germany we will be happy to prepare an export certificate or deliver for the Netto price. We reserve the rights to price changes. Estimates are subject to change and not binding. Legal jurisdiction for all matters is Berlin, Germany.

Payment Terms

All orders are sent after receipt of payment or bank transfer. If you wish we accept C.O.D. (cash on delivery). All merchandise remains property of this company until payment in full is received.

Warranty Terms

All spare parts are carefully produced and inspected before packing. If there is a problem, we will exchange or refund your money. The guarantee does not extend to parts damaged due to faulty installation by the customer. All parts carry a 6 month normal wear guarantee. All returned or exchanged merchandise which does not fall under the guarantee terms are subject to a service fee of 10% of the purchase price or 15 € minimum and any other costs incurred in the return or exchange of said merchandise is the responsibility of the customer.
